

Introducing Med-ilearning.eu

**Accredited learning for Healthcare
Professionals**

MediLearning is home to four dedicated online platforms, delivering high-quality continuing professional development (CPD) for doctors, nurses, pharmacists and dentists.

Our Platform

Simple, Smart, Scalable

The platform is built on three core principles: being data-driven, accessible anytime and anywhere, and fully aligned with accreditation standards.

Data Driven

Automated reporting for HCPS and HR Managers.

Accessibility

Access your CPD Learning dashboard, anytime, anywhere.

Accreditation & Compliance

- The Dubai Health Authority (DHA)
- European Accreditation Council for Continuing Medical Education (EACCME®)
- The Royal College of Physicians of Ireland (RCPI)
- Nursing and Midwifery Board of Ireland

Tailored CPD for all healthcare professionals

We currently operate four dedicated platforms delivering CPD for doctors, nurses, pharmacists, and dentists — each offering content carefully tailored to their professional needs. Our roadmap includes expanding into new disciplines, with upcoming platforms for clinicians, physiotherapists, and occupational therapists.

How to complete a CPD Module

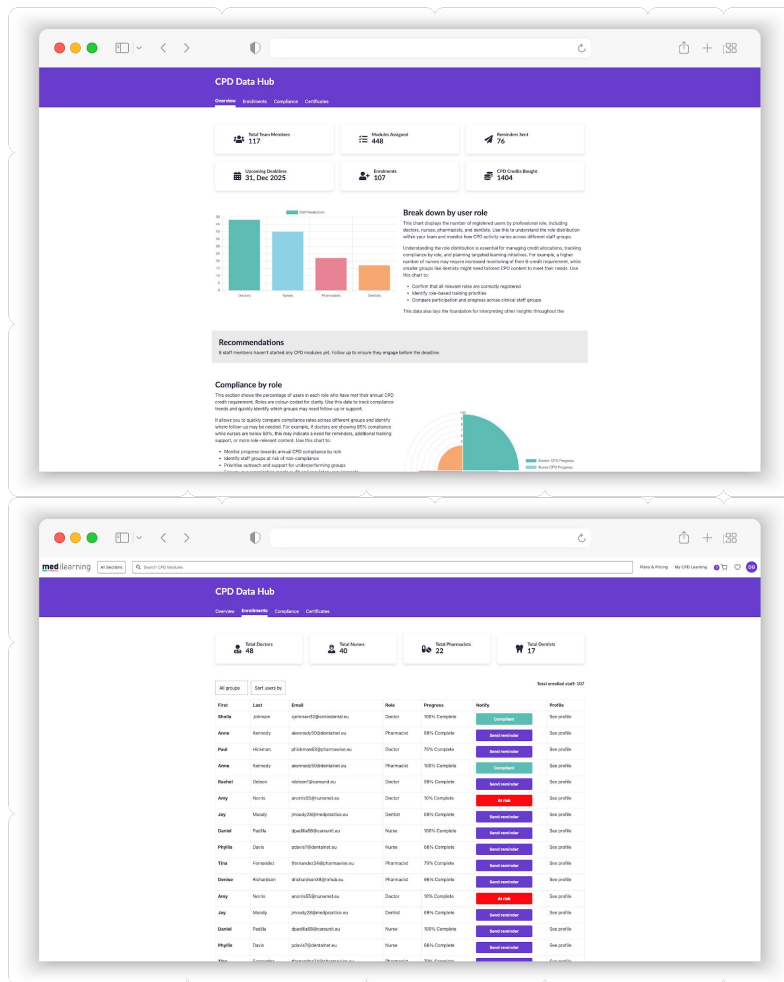

www.med-ilearning.eu

Introducing Medi Pro

Effortless CPD oversight for healthcare teams

Powerful tools to deliver, track, and support CPD at scale

www.med-ilearning.eu

Group Access

Simplify CPD delivery across your entire team - by role, department, or location.

CPD Data Hub

Your command centre for real-time CPD oversight and compliance tracking.

Automated Alerts

Keep staff on track and compliant without having to chase them using automated alerts

Exclusive Journals

Keep your team informed with trusted, up-to-date clinical knowledge.

Compliance Support

Help meeting all audit and professional body requirements with ease.

CPD Data Hub in Action

Smarter Oversight

- Real-Time Tracking
- Smart Filtering
- Snapshot Views

Faster Administration

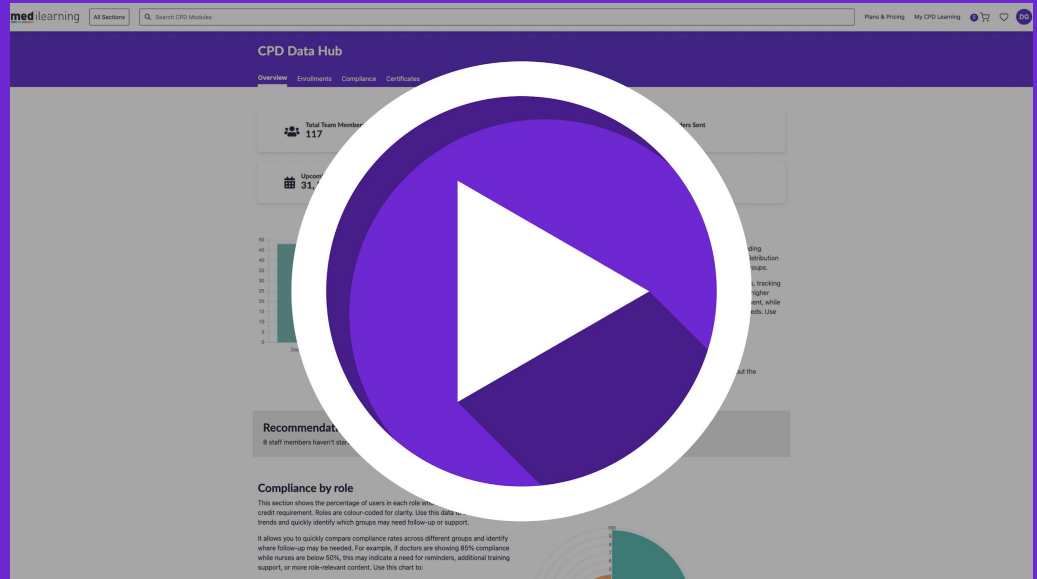

- Audit-Ready Reports
- Bulk Certificate Access
- Automated Reminders

Better Engagement

- Visual Progress Indicators
- Learning Gap Detection
- Cross-Team Visibility
